Wellness and Beauty

Wellness

in the heart of Carnia

Hotel Centro Benessere Gardel***S is pleased to welcome you to its Wellness Center, a space meticulously designed and dedicated to providing you with moments of enjoyable relaxation.

Our heated pool, Finnish sauna, and Turkish bath, along with our Spa & Beauty treatments using natural products and delivered with the utmost professionalism are at your service. Enjoy our relaxation area featuring fresh fruit, flavored water, and a variety of herbal teas.

The Wellness Center operates daily from 9:00 am to 7:30 pm.

Our Spa Rules

Our Wellness Center is a place of relaxation where guests are kindly asked to:

- Refrain from using smartphones to enjoy a true moment of relaxation
- Maintain a soft speaking voice
- Refrain from diving into the pool
- Refrain from running
- Refrain from taking pictures and videos in the Spa areas

Wearing a swimming cap is mandatory for pool access.

Please note that bringing food and drinks into the Spa, as well as glass or potentially dangerous objects, is forbidden. Pets are not allowed.

To ensure the well-being and relaxation of all guests, please maintain a soft speaking voice to ensure a pleasant experience for everyone.

Clothing

For hygiene reasons, always use a towel to sit on.

Always wear suitable slippers.

Access to the pool is allowed only in a bathrobe or towel.

Use lockers in the changing rooms for your clothes.

Leave jewelry and other valuables in your room.

Pool towels are provided directly in the pool area.

A slippers and bathrobe kit is available upon request at an extra fee.

Reservations

To book your treatments, you can reach out to Reception or directly contact the wellness center's staff. Failure to attend the appointment will result in charges for the treatment. In case of a late arrival to the appointment, the treatment will be performed for the remaining time.

For the parents of our young guests

Children can access the pool area only from 2:30 pm to 4:00 pm, always under parental supervision. Leaving children under 16 years of age unsupervised in the pool area is strictly forbidden. We kindly request that no inflatable objects be brought into the pool. Diving, jumping, loud noises, and running around the pool edge are also forbidden. Children wearing diapers must use diapers specifically designed for pool use.

Management will not be liable for any accident caused by failure to comply with these rules.

Finnish Sauna

Turkish Bath

These are paid services by reservation. The duration is 1 hour.

Tips for a personalized experience!

Inside the sauna, the air temperature ranges from 60°C to 100°C, with low humidity, allowing sweat to evaporate rather than remain on the skin. The sauna is a warm embrace that promotes sweating, helping expel liquids and toxins from the body. It is a purifying moment that liberates us from what burdens us.

Because sauna sessions are brief, the body experiences a sudden change in temperature, requiring careful management to maximize the beneficial effects. Here are our tips on how to maximize the benefits of a sauna session:

How to proceed:

- It is advisable not to enter the sauna on an empty stomach!
It is advisable to consume a light meal and be well hydrated
- Take a shower with soap before entering the sauna to remove dead skin cells
- Do not wear a swimsuit. Sauna sessions are done without clothes on! Alternatively, you can wear cotton undergarments or towels made from natural fibers
- Begin with an initial session of 10 to 15 minutes. Afterward, exit and take a cold shower, then relax for about 15 minutes
- Have a second session lasting 15 to 20 minutes, optionally adding a splash of water on the brazier to increase humidity and promote sweating
- Afterward, take another cold shower and end with an additional relaxing break

Warnings

Finnish sauna and Turkish bath are prohibited for all minors under 16 years of age. Sauna and Turkish bath are NOT suitable for people suffering from heart conditions, hypertension, and arteriosclerosis.

Massage Therapy Treatments

Overall Massage of the Spine and Neck

A massage that specifically targets the spine and neck area can provide significant benefits by relieving muscle tension, reducing stress, enhancing circulation, and alleviating pain.

30 min. € 45.00

Craniosacral massage

A craniosacral massage relaxes and mobilizes the muscle bands of the body using specific techniques. Furthermore, through gentle manipulations imperceptible at the cranial level, craniosacral massage stimulates the rhythmic impulse of the cerebrospinal fluid. This interaction with the central nervous system has a significant impact on health and well-being.

55 min. € 60.00

Craniosacral-facial massage

This massage consists of performing light manipulations at the cranial level to regulate the rhythm of the cerebrospinal fluid. This practice ensures benefits on multiple levels. After this step, we apply pressure and smooth movements on the facial muscle bands to enhance blood and lymphatic circulation in the face, promoting oxygenation and the elimination of toxins.

30 min. € 35.00

Lymphatic Drainage Massage

A lymphatic drainage massage is a gentle and specialized technique that facilitates the drainage of accumulated lymphatic fluids in the body. It helps to reduce swelling and it enhances lymphatic circulation. A lymphatic drainage massage uses gentle, rhythmic, and circular movements applied with light pressure. These techniques are intended to stimulate the flow of lymphatic fluid and facilitate the drainage of accumulated fluids from tissues.
